INDIAN CIVIL SERVICE.

OPEN COMPETITION OF 1932.

An Open Competitive Examination for admission to the Indian Civil Service will be held in London in 1932. The viva voce test will take place in July, the written examination in Section B subjects will begin on the 25th July, and that in Section A subjects on the 1st August.

The number of persons to be selected at this examination has not yet been decided.

No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received, on or before the **9th May, 1932**, an application on the prescribed form, a copy of which is sent herewith. No allegation that an Application Form or a letter respecting such Form has been lost or delayed in the post will be considered by the Commissioners unless the person making such allegation produces a Post Office Certificate of Posting. Candidates who delay their applications until the last days will do so at their own risk.

Acknowledgments of such Application Forms are sent, and any candidate who has filled up and returned the printed Application Form but has not received an acknowledgment of it within four complete days should at once write to the Secretary, Civil Service Commission, Burlington Gardens, London, W.1. Failure to comply with this provision will deprive the candidate of any claim to consideration.

The Time Table of the written part of the examination will probably be posted towards the end of June to the address given on the Form of Application, and will contain instructions as to the time and place at which candidates are to attend. Candidates will be notified at the same time of the date and place fixed for their viva voce test and of the manner in which the fee (£8) is to be paid.

NOTE.

If Open Competitive Examinations for the following Services, viz :—

Eastern Cadetships in the Colonial Service ;

Junior Grade of the Administrative Class in the Home Civil Service ;

GENERAL NOTICE No 31. M.P. X/16/31.

NOTICE.
PASSPORT REGULATIONS.

The following notice is published for general information in substitution of Notice No. 305 published in the *Royal Gazette* No. 2418 of the 24th September, 1927. The revised fees will be charged with effect from the 21st January, 1932, inclusive.

All persons entering Sierra Leone, with the following exceptions, should be in possession of valid passports :—

(*a*) Any member of His Majesty's military, air, diplomatic or consular services.

(*b*) Any persons duly accredited to Sierra Leone by any Government and their wives and children.

(*c*) Any native of Sierra Leone.

(*d*) Officers and the members of the crews of His Majesty's ships or of the ships of any friendly power.

(*e*) Persons in the service of the Government of Sierra Leone and their wives and children.

(*f*) Any person in the service of the Government of a neighbouring country and passing through Sierra Leone to or from such country.

(*g*) The wife and any child appearing to the immigration officer to be under the age of sixteen years, of a person not being a prohibited immigrant, provided that they are not themselves prohibited immigrants under any of the classes in section 5, other than class (*a*), of Ordinance No. 11 of 1930.

Prohibited immigrants, as defined in section 5 of Ordinance No. 11 of 1930, are not permitted to enter Sierra Leone.

REGULATIONS FOR THE ISSUE, RENEWAL AND ENDORSEMENT OF BRITISH PASSPORTS AND FOR THE ISSUE OF BRITISH *Visas* TO ALIENS.

1. British Passports are issued by the Passport Control Officer at the Secretariat at a charge of 15*s*. (payable in stamps). Applications must be made on the authorized form which is obtainable at the above-named office.

2. Passports are available for five years in the first instance, unless otherwise stated. They may be renewed from time to time for further consecutive periods of one to five years from the date of expiry, provided that the total period of validity of ten years from the original date of issue is not exceeded. The fee for each year of renewal is 2*s*. (payable in stamps). Passports cannot be issued or renewed at the Secretariat for persons not at the time being in Sierra Leone.

3. British Passports are not available beyond ten years from the original date of issue. Thereafter, or if at any time the passport contains no further space for *visas*, a new passport must be obtained. Where a new passport is required owing to all the available space on the old one being filled, and the old passport still bears valid foreign *visas*, the old passport will not be cancelled but will be attached to the new one, the latter being endorsed appropriately to this effect. In other cases, the Passport Control Officer will cancel the old passport.

4. British nationals will, except in cases where the Passport Control Officer decides to the contrary, be granted Empire wide passports. No endorsement is necessary thereon for British territory, including territory under British protection or mandate, not however, including Palestine, Iraq, or the Sudan, for which countries the passport must be specially endorsed.

Passports valid for travelling within the British Empire do not exempt the holders from compliance with the Immigration Regulations in force in the various countries.

For the purpose of these Regulations the term "British nationals" includes British protected persons.

5. British Passports are only available for travel to the countries for which they are endorsed, but they may be endorsed for additional countries at any time during the period of their validity. The fee for endorsement for further countries than those for which the passport is already valid is 2*s*. (payable in stamps) irrespective of the number of countries included in the endorsement. This fee, however, will not be collected for endorsing Empire wide passports, not previously so endorsed.

British nationals can obtain information regarding alien *visa* fees from the Passport Control Officer at the Secretariat.

6. British nationals, desiring separate passports for British children under the age of sixteen or desiring to have such children added to their own passports must fill up the authorized form to the satisfaction of the Passport Control Officer.

7. British *visas* for aliens are of two types :—

(*a*) The transit *visa*, good for one or more direct journeys through British territory undertaken for the sole purpose of reaching the territory of another state.

(*b*) The non-transit *visa*, good for any number of journeys to British territory for any legitimate purpose during the period of its validity.

8. These *visas*, which are obtainable from the Passport Control Officer at the Secretariat, are valid for one year unless their validity is specially limited to a shorter period; except that in the case of the transit *visa* the period of its validity cannot exceed that of the validity of the *visa* of the country of ultimate destination. The fee for the transit *visa* is 1*s.* 3*d.* and for the non-transit *visa* 12*s.* 6*d.* with the exceptions noted below in paragraph 10. All fees are payable in stamps.

9. The fees referred to in paragraphs 8 and 10 being mainly calculated on the present value of the gold franc, are liable to vary, according to the rates of exchange, from time to time. Notice of any alteration in fees charged will be published in the *Gazette*.

10. Exceptions referred to in paragraph 8 are as follows:—

Nationals of	British *Visa* Regulations and Fees.
Austria, Cuba, Czechoslovakia, Denmark, Dominican Republic, Germany, Iceland, Lichtenstein, Norway, Spain, Sweden, Switzerland.	Require no *visa* for the United Kingdom, British Colonies and Protectorates (except Gibraltar and Malta).
Belgium, Italy, Luxemburg, Netherlands, Portugal.	Require no *visa* for the United Kingdom. The fees mentioned in paragraph 8 are charged for *visas* for British Colonies and Protectorates.
FRANCE	(*a*) French citizens and subjects—*i.e.* natives of French Colonies without full citizen rights require no *visa* for the United Kingdom and British Colonies and Protectorates except India, Aden and the Aden Protectorate, the Hadramaut, Palestine and Transjordan, New Guinea and Nauru, in respect of which Territories they are charged the fees laid down in paragraph 8. Natives of French Protectorates and of territories administered under French Mandate require a *visa* and are charged the fees laid down in paragraph 8, unless specially exempted.
	(*b*) Syrians require a *visa*, the fee for which is 12*s.* 6*d.*
TURKEY	Require a *visa*, the fee for which is 25*s.*
UNITED STATES	Require a *visa*, the fee for which is £3.

11. *Members of the public are informed that no fees additional to those mentioned above are charged. Should any be demanded they should ask to see the Passport Control Officer.*

CIRCULAR.

Downing Street,
5th March, 1932.

Sir,

I have the honour to refer to paragraph 6 of Lord Passfield's Circular despatch of 31st March, 1931, in which he informed you of the constitution of a Committee to consider the question of the unification of the Colonial Services and of the decision to set up a Sub-Committee to deal in the first instance with the problem of the Administrative Service.

2. The Sub-Committee duly completed its work and reported to the main Committee, and the results of these deliberations are given in the enclosed Memorandum with an introductory note which had been prepared by direction of Lord Passfield and in accordance with his views. In commending this document to your careful consideration I desire to express my full agreement with the principles therein enunciated.

3. The scheme set out in the Memorandum is one on which very considerable thought and effort have been expended covering a period during which there was no need to anticipate the extensive deterioration of the financial resources of Colonial Governments which has recently taken place. But since the chief outlines of the scheme were drawn up, retrenchment of public expenditure in the Colonies as elsewhere has had to be relentlessly pursued, and I am confronted with the problem how far further progress can at present be made with a plan which the last Colonial Office Conference declared to be desirable and which I agree with Lord Passfield in regarding as necessary for the full development of the organization of the Colonial Service.

4. It is clear to my mind that it is impracticable to contemplate the adoption of the scheme in its entirety in the face of the present circumstances, and on that assumption I have with regret come to the conclusion that further action must for the present be suspended upon those various sections of the plan which impose any increased financial liabilities upon Colonial Governments. At the same time I must add that I have no intention of suggesting that those sections shall be abandoned for all time; on the contrary I regard the whole scheme as a comprehensive entity, the adoption of which will go far to establish the Colonial Service in its proper relation to other branches of Public Service, to confirm it in the prestige which it can now rightfully claim, and to widen the benefits which the Dependencies derive from its ministrations. It is, therefore, no more than a partial postponement that is necessitated by the present emergency, and it follows that when the situation is relieved the time will arrive to proceed with the plan unimpaired.

5. In the meantime I have given careful thought to the problem of separating those sections of the plan in regard to which immediate action is impracticable from those which are not dependent for their execution on the financial circumstances of the moment, and I have reached the conclusion that this is in fact a timely moment to adopt certain steps which will give practical effect to the idea of unity of function and opportunity amongst the officers who are included in the Service, divided though they are by great distances and diverse terms and conditions of work. These steps (which are set out in the following paragraph), being of such a character that they lie within the province of the Secretary of State, need not be postponed for that consultation with Colonial Governments which was stipulated in the Resolution of the Colonial Office Conference and which will be necessary when the time comes to deal with those parts of the scheme which involve the Governments concerned in financial or other commitments. The steps to which I refer will accordingly be taken, as indicated below.

6.—(1) The title "Colonial Administrative Service" will be adopted on 1st July next to include:—

(a) All officers then serving in or selected for any of the posts included in a schedule based on the lists appended to the Memorandum. The schedule will merely contain the names of posts, grouped according to Colonies. No question of "grading" arises at this stage. (Should the lists in your view require modification as regards the territory under your administration, I shall be glad if you will inform me as soon as possible.)

(b) All officers thereafter selected for such appointments or for new appointments of similar standing, whether already serving in Colonial Administrations or not.

(2) Officers selected for first appointment to the Colonial Administrative Service after 1st July next will accept the liability of inter-Colonial transfer at the direction of the Secretary of State. As is pointed out in paragraph 97 of the Memorandum (Section VI), it is not contemplated that, even when standard terms for the unified service have been introduced, this power should be exercised save in exceptional circumstances; but, in any event, so long as the present diversity of conditions persists, there will be no question of its being employed to force an officer to transfer, against his will, to a Colony offering less favourable terms than those on which he has engaged to serve. The question whether this liability should be imposed on officers who are selected for appointment in the service of the Dependency in which they have their permanent homes is one which is affected by local circumstances. I propose that for the present such officers should be exempt from the liability, but I should be glad to have your views on the matter in so far as it arises in the territory under your administration.

(3) The confirmation of all officers appointed after 1st July next on probation in the Colonial Administrative Service will be subject to the Secretary of State's approval in accordance with the terms of paragraph 64 of the Memorandum (Section IV).

(4) The introduction of the principle of a uniform method of entry (so far as persons selected in this country are concerned) into the Colonial Administrative Service has already been anticipated by my decision to adopt forthwith the "selection" system for future entry into the Cadet Services of Malaya and Hong Kong. (The special position of Ceylon in this respect is a matter for separate consideration with the Island Government.)

(5) The preparation of the "Colonial Administrative Service List" for the purpose stated in paragraph 22 of the Memorandum (Section I) will be put in hand in the Colonial Office, but for the time being will contain simply a biographical note of every officer (whether European or not) in the Service in alphabetical order. I am advised that in certain cases the necessary information from which the note could be drafted may be found not to be available under present arrangements in the Colonial Office, and it will be the simplest and safest course if you would arrange for the necessary information to be supplied (under cover of a note to the Under-Secretary of State for the Colonies) on the model of the attached statement of particulars. I propose that the List shall be revised annually, the new edition appearing about 1st May of each year; alterations or additions should reach the Colonial Office not later than two months before that date in order that they may be included in the current revision.

7. The above decisions involve no alteration in the conditions of service and the constitutional status of officers at present serving, and all members of the new Service will continue to be subject to the regulations governing their appointments in the Colonies in which they are employed. With a view however to facilitating the eventual introduction of the remainder of the scheme of unification, I shall be grateful if you will furnish me in due course with your observations on those features which for the present must necessarily be postponed. I need not say that I shall welcome your advice and assistance with a view to making the scheme a success, though you will realize that the scheme will have to be dealt with as a whole and that I cannot undertake to meet a number of divergent views upon matters regarding which provision for local variations of the scheme does not appear to be practicable if the balance and simplicity which are essential to the success of such a scheme are to be preserved.

8. Finally I have been considering the possibility of making progress on similar lines with the unification of other branches of the Colonial Service such as the Medical, Agricultural, Veterinary, Forestry, Police, Legal, Audit, Financial, and Engineering branches, and in the light of all the circumstances I have no doubt that it should be taken in hand. While each branch presents its special problems, the main features of the complete scheme for the Administrative Service have been designed so as to be suitable for application to those other Services in due course, and similarly the preliminary steps which are now to be taken with the Colonial Administrative Service can, it seems to me, usefully be considered for adoption in respect of such Services as those mentioned. I shall later address you in regard to these matters when they have been further considered.

I have, etc.,
P. CUNLIFFE-LISTER.

GENERAL NOTICE No. 272. M.P. E/54/29.

Address given by His Excellency the Governor to the School Children who marched past the Flag on Empire Day, 1932.

CHILDREN OF SIERRA LEONE,

You all know why we are gathered together to-day. It is to do honour to our great Empire. A national characteristic of ours is that we are often shy to talk of our world-wide possessions, and we do not like boasting. But on a day like this, which only comes once a year, we break from our usual traditions and express our pride in no uncertain terms.

It is wonderful to think that on Empire Day children are gathered together all over the world to do honour to the occasion. In the Mother Country; in the wind-swept Falkland Islands, lying close to the Antarctic, the haunt of whales and penguins; in Canada, with its vast prairies and unlimited wheat; in India with its teeming millions; in Australia, the land of wool and the home of the kangaroo; in Fiji, famed for its ukuleles and lotus flowers; and elsewhere, the same happy story goes forth. It would take me far too long to tell you all about the Empire and what it represents, so that I must content myself with a few words.

I am sure you will all agree, without a single dissentient, that the most important person in this vast, world-wide organization, is His Majesty the King; and that sympathy and absolute justice for all, whatever their position, nationality or creed may be, are the secrets of its success and indestructibility.

We look back with affection, pride and gratitude on the reigns of Queen Victoria and Edward VII, and our present Monarch King George V is loved and revered by all, as is also his eldest son and Heir to the Throne, that great Ambassador, Traveller and Sportsman, His Royal Highness the Prince of Wales who, as you will never forget, has visited these shores.

Have you ever thought, with such a large and heterogeneous family to control, what responsibilities and cares rest in His Majesty's hands? The problems which change from day to day, almost from hour to hour, are problems which require infinite wisdom, tact and patience to solve. No man has ever, not even in the days of the great Roman Empire, held such a position of responsibility. He is, so to speak, the hub of the wheel from which all the spokes radiate, or, to quote another simile, the key-stone of the bridge. All you children know that if the hub of a wheel is removed or the key-stone of a bridge taken out, both collapse. And so one thing is certain, our Empire could not exist without the Monarch. Therefore to-day in honouring the Empire we honour our King to whom you, in this Loyal and Ancient Colony, are so devoted.

It was with pride and real pleasure I noticed the efficiency of the well disciplined ranks in the March Past, and now that you 7,000 children, so tastefully dressed, so clean, so tidy, are gathered together in front of me in the form of a hollow square, I realise more than ever what a wonderful and representative gathering this is. One that fills us with joy and pride and hope for the future.

Although you are children, you have a real and large part to play in the life of this Colony, and incidentally of the Empire. You are like the flowers in a garden. If they are carefully attended to and looked after they produce beautiful blossoms which are a delight to all, but if they are neglected, weeds grow up and quickly choke them so that they wither and fade away. In you we see the results of our gardening, and your smart appearance and happy smiling faces show, without any doubt, that you have been well looked after and have not been allowed to run to waste.

My Special Message to you to-day, therefore, is "Continue to be Happy." All through the last few months of care and crisis I have noticed the example you children have set us. I have appreciated more than I can say your friendly greetings as I pass through the streets, and I am certain that your brightness and cheerfulness have reacted right through the Colony and brightened up homes which otherwise would have been depressed. You have made us realise that "Every cloud has its silver lining" and that "Night dark but sun go come out." You have, therefore, done your share in helping the Colony along. Moreover, happy children will grow up into good citizens who in their turn will impart their gifts to future generations.

I would like you to remember the debt of gratitude you owe to the Honourable Director of Education, Mr. Blackmore, and the Assistant Director of Education, Mr. Macaulay, and also to your teachers who spend so much thought and care on your upbringing; and to ask you in your turn to do everything in your power to help them in their work, by being obedient, diligent, and punctual.

In conclusion, I congratulate you on, and thank you for, this wonderful display which is a credit to this Ancient, Loyal, and Happy Colony.

ARNOLD HODSON.

PASSPORT REGULATIONS.

The following notice is published for general information in substitution of Notice No. 305 published in the *Royal Gazette* No. 2418 of the 24th September, 1927. The revised fees will be charged with effect from the 21st January, 1932, inclusive.

All persons entering Sierra Leone, with the following exceptions, should be in possession of valid passports :—

(*a*) Any member of His Majesty's military, air, diplomatic or consular services.

(*b*) Any persons duly accredited to Sierra Leone by any Government and their wives and children.

(*c*) Any native of Sierra Leone.

(*d*) Officers and the members of the crews of His Majesty's ships or of the ships of any friendly power.

(*e*) Persons in the service of the Government of Sierra Leone and their wives and children.

(*f*) Any person in the service of the Government of a neighbouring country and passing through Sierra Leone to or from such country.

(*g*) The wife and any child appearing to the immigration officer to be under the age of sixteen years, of a person not being a prohibited immigrant, provided that they are not themselves prohibited immigrants under any of the classes in section 5, other than class (*a*), of Ordinance No. 11 of 1930.

Prohibited immigrants, as defined in section 5 of Ordinance No. 11 of 1930, are not permitted to enter Sierra Leone.

REGULATIONS FOR THE ISSUE, RENEWAL AND ENDORSEMENT OF BRITISH PASSPORTS AND FOR THE ISSUE OF BRITISH *Visas* TO ALIENS.

1. British Passports are issued by the Passport Control Officer at the Secretariat at a charge of 15*s.* (payable in stamps). Applications must be made on the authorized form which is obtainable at the above-named office.

2. Passports are available for five years in the first instance, unless otherwise stated. They may be renewed from time to time for further consecutive periods of one to five years from the date of expiry, provided that the total period of validity of ten years from the original date of issue is not exceeded. The fee for each year of renewal is 2*s.* (payable in stamps). Passports cannot be issued or renewed at the Secretariat for persons not at the time being in Sierra Leone.

3. British Passports are not available beyond ten years from the original date of issue. Thereafter, or if at any time the passport contains no further space for *visas*, a new passport must be obtained. Where a new passport is required owing to all the available space on the old one being filled, and the old passport still bears valid foreign *visas*, the old passport will not be cancelled but will be attached to the new one, the latter being endorsed appropriately to this effect. In other cases, the Passport Control Officer will cancel the old passport.

4. British nationals will, except in cases where the Passport Control Officer decides to the contrary, be granted Empire wide passports. No endorsement is necessary thereon for British territory, including territory under British protection or mandate, not however, including Palestine, Iraq, or the Sudan, for which countries the passport must be specially endorsed.

Passports valid for travelling within the British Empire do not exempt the holders from compliance with the Immigration Regulations in force in the various countries.

For the purpose of these Regulations the term "British nationals" includes British protected persons.

5. British Passports are only available for travel to the countries for which they are endorsed, but they may be endorsed for additional countries at any time during the period of their validity. The fee for endorsement for further countries than those for which the passport is already valid is 2*s.* (payable in stamps) irrespective of the number of countries included in the endorsement. This fee, however, will not be collected for endorsing Empire wide passports, not previously so endorsed.

British nationals can obtain information regarding alien *visa* fees from the Passport Control Officer at the Secretariat.

6. British nationals, desiring separate passports for British children under the age of sixteen or desiring to have such children added to their own passports must fill up the authorized form to the satisfaction of the Passport Control Officer.

7. British *visas* for aliens are of two types :—

(*a*) The transit *visa*, good for one or more direct journeys through British territory undertaken for the sole purpose of reaching the territory of another state.

(*b*) The non-transit *visa*, good for any number of journeys to British territory for any legitimate purpose during the period of its validity.

8. These *visas*, which are obtainable from the Passport Control Officer at the Secretariat, are valid for one year unless their validity is specially limited to a shorter period ; except that in the case of the transit *visa* the period of its validity cannot exceed that of the validity of the *visa* of the country of ultimate destination. The fee for the transit *visa* is 1*s.* 3*d.* and for the non-transit *visa* 12*s.* 6*d.* with the exceptions noted below in paragraph 10. All fees are payable in stamps.

9. The fees referred to in paragraphs 8 and 10 being mainly calculated on the present value of the gold franc, are liable to vary, according to the rates of exchange, from time to time. Notice of any alteration in fees charged will be published in the *Gazette*.

10. Exceptions referred to in paragraph 8 are as follows :—

Nationals of	British *Visa* Regulations and Fees.
Austria, Cuba, Czechoslovakia, Denmark, Dominican Republic, Germany, Iceland, Lichtenstein, Norway, Spain, Sweden, Switzerland.	Require no *visa* for the United Kingdom, British Colonies and Protectorates (except Gibraltar and Malta).
Belgium, Italy, Luxemburg, Netherlands, Portugal.	Require no *visa* for the United Kingdom. The fees mentioned in paragraph 8 are charged for *visas* for British Colonies and Protectorates.
FRANCE	(*a*) French citizens and subjects—*i.e.* natives of French Colonies without full citizen rights require no *visa* for the United Kingdom and British Colonies and Protectorates except India, Aden and the Aden Protectorate, the Hadramaut, Palestine and Transjordan, New Guinea and Nauru, in respect of which Territories they are charged the fees laid down in paragraph 8. Natives of French Protectorates and of territories administered under French Mandate require a *visa* and are charged the fees laid down in paragraph 8, unless specially exempted.
	(*b*) Syrians require a *visa*, the fee for which is 12*s*. 6*d*.
TURKEY	Require a *visa*, the fee for which is 25*s*.
UNITED STATES	Require a *visa*, the fee for which is £3.

11. *Members of the public are informed that no fees additional to those mentioned above are charged. Should any be demanded they should ask to see the Passport Control Officer.*

PASSPORT REGULATIONS.

The following notice is published for general information in substitution of Notice No. 305 published in the *Royal Gazette* No. 2418 of the 24th September, 1927. The revised fees will be charged with effect from the 21st January, 1932, inclusive.

All persons entering Sierra Leone, with the following exceptions, should be in possession of valid passports :—

(*a*) Any member of His Majesty's military, air, diplomatic or consular services.

(*b*) Any persons duly accredited to Sierra Leone by any Government and their wives and children.

(*c*) Any native of Sierra Leone.

(*d*) Officers and the members of the crews of His Majesty's ships or of the ships of any friendly power.

(*e*) Persons in the service of the Government of Sierra Leone and their wives and children.

(*f*) Any person in the service of the Government of a neighbouring country and passing through Sierra Leone to or from such country.

(*g*) The wife and any child appearing to the immigration officer to be under the age of sixteen years, of a person not being a prohibited immigrant, provided that they are not themselves prohibited immigrants under any of the classes in section 5, other than class (*a*), of Ordinance No. 11 of 1930.

Prohibited immigrants, as defined in section 5 of Ordinance No. 11 of 1930, are not permitted to enter Sierra Leone.

REGULATIONS FOR THE ISSUE, RENEWAL AND ENDORSEMENT OF BRITISH PASSPORTS AND FOR THE ISSUE OF BRITISH *Visas* TO ALIENS.

1. British Passports are issued by the Passport Control Officer at the Secretariat at a charge of 15*s.* (payable in stamps). Applications must be made on the authorized form which is obtainable at the above-named office.

2. Passports are available for five years in the first instance, unless otherwise stated. They may be renewed from time to time for further consecutive periods of one to five years from the date of expiry, provided that the total period of validity of ten years from the original date of issue is not exceeded. The fee for each year of renewal is 2*s.* (payable in stamps). Passports cannot be issued or renewed at the Secretariat for persons not at the time being in Sierra Leone.

3. British Passports are not available beyond ten years from the original date of issue. Thereafter or if at any time the passport contains no further space for *visas*, a new passport must be obtained Where a new passport is required owing to all the available space on the old one being filled, and the old passport still bears valid foreign *visas*, the old passport will not be cancelled but will be attached to the new one, the latter being endorsed appropriately to this effect. In other cases, the Passport Control Officer will cancel the old passport.

4. British nationals will, except in cases where the Passport Control Officer decides to the contrary, be granted Empire wide passports. No endorsement is necessary thereon for British territory, including territory under British protection or mandate, not however, including Palestine, Iraq, or the Sudan, for which countries the passport must be specially endorsed.

Passports valid for travelling within the British Empire do not exempt the holders from compliance with the Immigration Regulations in force in the various countries.

For the purpose of these Regulations the term "British nationals" includes British protected persons.

5. British Passports are only available for travel to the countries for which they are endorsed, but they may be endorsed for additional countries at any time during the period of their validity. The fee for endorsement for further countries than those for which the passport is already valid is 2*s.* (payable in stamps) irrespective of the number of countries included in the endorsement. This fee, however, will not be collected for endorsing Empire wide passports, not previously so endorsed.

British nationals can obtain information regarding alien *visa* fees from the Passport Control Officer at the Secretariat.

6. British nationals, desiring separate passports for British children under the age of sixteen or desiring to have such children added to their own passports must fill up the authorized form to the satisfaction of the Passport Control Officer.

7. British *visas* for aliens are of two types :—

(*a*) The transit *visa*, good for one or more direct journeys through British territory undertaken for the sole purpose of reaching the territory of another state.

(*b*) The non-transit *visa*, good for any number of journeys to British territory for any legitimate purpose during the period of its validity.

8. These *visas*, which are obtainable from the Passport Control Officer at the Secretariat, are valid for one year unless their validity is specially limited to a shorter period ; except that in the case of the transit *visa* the period of its validity cannot exceed that of the validity of the *visa* of the country of ultimate destination. The fee for the transit *visa* is 1*s.* 3*d.* and for the non-transit *visa* 12*s.* 6*d.* with the exceptions noted below in paragraph 10. All fees are payable in stamps.

9. The fees referred to in paragraphs 8 and 10 being mainly calculated on the present value of the gold franc, are liable to vary, according to the rates of exchange, from time to time. Notice of any alteration in fees charged will be published in the *Gazette*.

10. Exceptions referred to in paragraph 8 are as follows :—

Nationals of	British *Visa* Regulations and Fees.
Austria, Cuba, Czechoslovakia, Denmark, Dominican Republic, Germany, Iceland, Lichtenstein, Norway, Spain, Sweden, Switzerland.	Require no *visa* for the United Kingdom, British Colonies and Protectorates (except Gibraltar and Malta).
Belgium, Italy, Luxemburg, Netherlands, Portugal.	Require no *visa* for the United Kingdom. The fees mentioned in paragraph 8 are charged for *visas* for British Colonies and Protectorates.

General Notice No. 31. M.P. X/16/31.

PASSPORT REGULATIONS.

The following notice is published for general information in substitution of Notice No. 305 published in the *Royal Gazette* No. 2418 of the 24th September, 1927. The revised fees will be charged with effect from the 21st January, 1932, inclusive.

All persons entering Sierra Leone, with the following exceptions, should be in possession of valid passports :—

(*a*) Any member of His Majesty's military, air, diplomatic or consular services.

(*b*) Any persons duly accredited to Sierra Leone by any Government and their wives and children.

(*c*) Any native of Sierra Leone.

(*d*) Officers and the members of the crews of His Majesty's ships or of the ships of any friendly power.

(*e*) Persons in the service of the Government of Sierra Leone and their wives and children.

(*f*) Any person in the service of the Government of a neighbouring country and passing through Sierra Leone to or from such country.

(*g*) The wife and any child appearing to the immigration officer to be under the age of sixteen years, of a person not being a prohibited immigrant, provided that they are not themselves prohibited immigrants under any of the classes in section 5, other than class (*a*), of Ordinance No. 11 of 1930.

Prohibited immigrants, as defined in section 5 of Ordinance No. 11 of 1930, are not permitted to enter Sierra Leone.

Regulations for the Issue, Renewal and Endorsement of British Passports and for the Issue of British *Visas* to aliens.

1. British Passports are issued by the Passport Control Officer at the Secretariat at a charge of 15*s.* (payable in stamps). Applications must be made on the authorized form which is obtainable at the above-named office.

2. Passports are available for five years in the first instance, unless otherwise stated. They may be renewed from time to time for further consecutive periods of one to five years from the date of expiry, provided that the total period of validity of ten years from the original date of issue is not exceeded. The fee for each year of renewal is 2*s.* (payable in stamps). Passports cannot be issued or renewed at the Secretariat for persons not at the time being in Sierra Leone.

3. British Passports are not available beyond ten years from the original date of issue. Thereafter or if at any time the passport contains no further space for *visas*, a new passport must be obtained Where a new passport is required owing to all the available space on the old one being filled, and the old passport still bears valid foreign *visas*, the old passport will not be cancelled but will be attached to the new one, the latter being endorsed appropriately to this effect. In other cases, the Passport Control Officer will cancel the old passport.

4. British nationals will, except in cases where the Passport Control Officer decides to the contrary, be granted Empire wide passports. No endorsement is necessary thereon for British territory, including territory under British protection or mandate, not however, including Palestine, Iraq, or the Sudan, for which countries the passport must be specially endorsed.

Passports valid for travelling within the British Empire do not exempt the holders from compliance with the Immigration Regulations in force in the various countries.

For the purpose of these Regulations the term "British nationals" includes British protected persons.

5. British Passports are only available for travel to the countries for which they are endorsed, but they may be endorsed for additional countries at any time during the period of their validity. The fee for endorsement for further countries than those for which the passport is already valid is 2*s.* (payable in stamps) irrespective of the number of countries included in the endorsement. This fee, however, will not be collected for endorsing Empire wide passports, not previously so endorsed.

British nationals can obtain information regarding alien *visa* fees from the Passport Control Officer at the Secretariat.

6. British nationals, desiring separate passports for British children under the age of sixteen or desiring to have such children added to their own passports must fill up the authorized form to the satisfaction of the Passport Control Officer.

7. British *visas* for aliens are of two types :—

(*a*) The transit *visa*, good for one or more direct journeys through British territory undertaken for the sole purpose of reaching the territory of another state.

(*b*) The non-transit *visa*, good for any number of journeys to British territory for any legitimate purpose during the period of its validity.

8. These *visas*, which are obtainable from the Passport Control Officer at the Secretariat, are valid for one year unless their validity is specially limited to a shorter period ; except that in the case of the transit *visa* the period of its validity cannot exceed that of the validity of the *visa* of the country of ultimate destination. The fee for the transit *visa* is 1*s.* 3*d.* and for the non-transit *visa* 12*s.* 6*d.*, with the exceptions noted below in paragraph 10. All fees are payable in stamps.

9. The fees referred to in paragraphs 8 and 10 being mainly calculated on the present value of the gold franc, are liable to vary, according to the rates of exchange, from time to time. Notice of any alteration in fees charged will be published in the *Gazette*.

10. Exceptions referred to in paragraph 8 are as follows :—

Nationals of	British *Visa* Regulations and Fees.
Austria, Cuba, Czechoslovakia, Denmark, Dominican Republic, Germany, Iceland, Lichtenstein, Norway, Spain, Sweden, Switzerland.	Require no *visa* for the United Kingdom, British Colonies and Protectorates (except Gibraltar and Malta).
Belgium, Italy, Luxemburg, Netherlands, Portugal.	Require no *visa* for the United Kingdom. The fees mentioned in paragraph 8 are charged for *visas* for British Colonies and Protectorates.
FRANCE	(*a*) French citizens and subjects—*i.e.* natives of French Colonies without full citizen rights require no *visa* for the United Kingdom and British Colonies and Protectorates except India, Aden and the Aden Protectorate, the Hadramaut, Palestine and Transjordan, New Guinea and Nauru, in respect of which Territories they are charged the fees laid down in paragraph 8. Natives of French Protectorates and of territories administered under French Mandate require a *visa* and are charged the fees laid down in paragraph 8, unless specially exempted. (*b*) Syrians require a *visa*, the fee for which is 12*s.* 6*d.*
TURKEY	Require a *visa*, the fee for which is 25*s.*
UNITED STATES	Require a *visa*, the fee for which is £3.

11. *Members of the public are informed that no fees additional to those mentioned above are charged. Should any be demanded they should ask to see the Passport Control Officer.*
